PROFILE

Hello! My name is Morgan and I am an Architectural Project Manager and multidisciplinary artist exploring the intersection of space, story, and human experience. My work spans architecture, writing, and installation, where I am always exploring the humor, humanity, and hidden narratives within our environments.

WORK EXPERIENCE

ARCHITECTURE 101 | June 2021 - PRESENT

As an Architectural Project Manager, I work on all phases of a project, from schematic design through construction administration phases of architectural projects. My duties typically include:

- Design options and 3D modeling
- Construction Documentation
- Coordination between clients, contractors, and engineers

PANTHEON ADC | June 2021 - June 2023

In this position, I worked in the schematic design, design development, and construction documentation phases of architectural projects.

My duties typically involved:

- Code research + analysis
- Construction documentation
- Project renderings

BEASLEY ARCHITECTURE & DESIGN | June 2022 - PRESENT

As a freelance designer, I work primarily in the design development phase. My duties typically involve:

- Project Renderings
- Client Meetings
- As-built measuring

MODERN TINY LIVING | MAY 2019 - AUGUST 2019

During this internship, I worked alongside the resident architect in all phases of the design and development of their tiny homes. My duties typically involved:

- Design Options
- Construction Documentation
